Messrs. JAQUES & GRIFFIN,

respectfully announce to the residents of Ashmont and vicinity that they have opened the new stores at the corner of

DORCHESTER AVE. & ASHMONT STREET.

They feel confident that, with the fine line of goods which it will be their rule to carry, together with the new stores which were built specially for them, and which are models of attractiveness and convenience, they can meet the wants of the public.

They will keep constantly in stock all kinds of

GROCERIES, PROVISIONS AND FISH,

and their stores are so arranged that each of these is entirely separate one from the other, thereby preventing the objections so generally urged against customers personally attending to their daily marketing.

In response to a notification by postal card or otherwise, they will be pleased to have their wagons call each morning at the residences of their patrons; yet they venture to suggest that there is no way so satisfactory, both to buyer and seller, as the personal selection of goods. They guarantee to all their customers the most polite attention, and in everything pertaining to the stores, and the goods sold, the most scrupulous cleanliness. None but the BEST QUALITY OF GOODS will be kept, which will be sold at

LOWEST CITY PRICES.

THE EXETER STEAM HEATING APPARATUS,

For Private Residences and Public Buildings.

SALESROOM, 19 FEDERAL STREET, BOSTON.

WORKS, EXETER, N. H.

REMARKS.

IT IS NOW, AND ALWAYS HAS BEEN, the aim of the EXETER MACHINE WORKS to keep ahead of all Competitors in the manufacture of a Safe, Economical, and Durable Steam Heating Apparatus for Private Residences.

IT NEEDS YEARS OF EXPERIENCE to meet all the requirements of a First-Class Heating Apparatus placed in charge of inexperienced attendants.

EIGHT YEARS AGO OUR APPARATUS was considered First-Class. We have made improvements from time to time, as experience and use suggested, and we are always ready to adopt any real improvements, even with increased cost to Apparatus.

THE FIRST REQUIREMENT is absolute safety, even with the grossest carelessness. We are willing to allow our Boiler to stand the most severe test in this respect.

DURABILITY, EASE OF MANAGEMENT, AND ECONOMY have all been carefully looked after.

WE DO NOT PROPOSE to quietly sell our Apparatus on its past record, but are now manufacturing under three patents granted within the past two years; and although this Apparatus may not be the cheapest in the market, it is furnished at as low a figure as the combination of all the enumerated good qualities will admit.

W. BURLINGAME,

Agent.

TALBOT'S

FAMILY GROCERY AND VARIETY STORE,

NO. 1155 WASHINGTON ST., DORCHESTER.

Established 1815 by Mr. John Talbot, the father of its present proprietor, in a part of the old "Tavern Building."

IN the seventy years which have elapsed, the business has been constantly increasing, and in 1882 for the greater convenience of many customers, Talbot's Milton Store, Associates Hall, Milton, was annexed.

It has not been our custom to advertise largely, preferring to let our goods speak for themselves; that we have been successful in this course is proved by the fact that the volume of trade has been larger in the past year than ever before.

We take pride in saying that the descendants of *all* those whose names are found on our earliest books, are still among our customers, and one of our most respected patrons is a gentleman who was sent by his father to purchase goods on the first day of our business existence.

We are fortunately in a condition to be able to buy our goods in the best markets of the world, and do not mean to be undersold by any house selling articles of equal quality.

ESTABLISHED 1843.
